

# H4 AIR FRESHENER

## WATER SOLUBLE ESSENCE

- Economical, super-concentrated fragrance oil
- Soluble - simply dilute with water
- Range of fragrances for all tastes

### USES

Dilute with water in a triggerspray to produce a fresh room spray solution. Add a little to a cleaning bucket or scrubber drier tank to freshen the cleaned area. Apply a little to water proof bins or inside plastic bin liners to leave a fresh scent in washrooms and public areas.

The H4 range incorporates select fragrance oils with special solubilising agents to produce water soluble air fresheners for all uses.

Suitable to dilute to various strengths and use through trigger sprays to freshen the air, the H4 concentrates can also be used as a top up for pot pourri bowls.

Ideal for: offices, hotels, night clubs, department stores, nursing homes, theatres, cinemas, public buildings, bingo halls, ferries, car valeting, guest houses, etc.

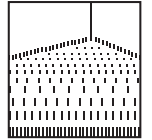

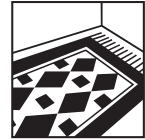

### DILUTIONS

Set your own dilution rate to create the strength of fragrance you required.

Use a 4cc dosing pump on a 5L container of H4 to dispense the desired number of shots into a 750ml trigger bottle and top up with water.
